Aqua Window And Property Cleaning Services Limited

Guarantee

We are proud to offer the absolute best window cleaning service and we recognise that a good window cleaning company is about more than just getting the glass clean. We want you to be pleased with Aqua Window And Property Cleaning Services every time you deal with us about anything. Our commitment to this is what makes us the best.

We know we are experts at cleaning glass and our quality guarantee means that if you are not happy with the results of your windows, we will come back and do them repeatedly until you are happy. If we do not, then don't pay us. *

**Some 'dirt' simply is not removable this is called 'impact debris' (this would include things like paint, cement, oxidation from other surfaces and lime scale) These will not come off with standard cleaning, but we are happy to quote costs for removing such things where it is possible to do so. If we are only cleaning one side of the glass, perhaps the outside, we respectfully ask that you make sure any dirt, or smears are not on the other side.*

We reserve the right to be able to return and correct any defective work as many times as is reasonable. Your refusal to allow us to return does not constitute the right for non-payment.
